Father's Day

21st June

Unlike Mother's Day, the celebration of Father's Day did not come into existence until 1972. Father-figures did not receive the same recognition and celebration that they deserved. Now, Father's Day is a perfect opportunity to honour the special people in our lives and give them something back.

Showing your appreciation can be as simple as a card or a kind gesture. If you're looking to treat that special person in your life then your Orange Genie Edge has everything you need.

A meal out or a night in, treat them this Father's Day

Father's Day is a day to give back to the father-figures in your life. Whether you treat them to a meal out or a cosy night in, don't miss an opportunity to spend quality time together.

From takeaways at home to high-end restaurants, your Orange Genie Edge has everything you need to celebrate and come together this Father's Day.
